

Centre en chimie verte et catalyse

Center in Green Chemistry and Catalysis

Undergraduate CGCC Scholarship Supplements

Congratulations to all the 2021-2022 scholarship recipients!

These fellowships, in the amount of \$6,000 each, allow the hiring of summer undergraduate students to introduce them to research by working on projects in green chemistry and catalysis.

1. Ewen Balnois (Lebel Group and Rochefort Group, Université de Montréal)
2. Hadrien Gil-Gervaise (Lebel Group and Charrette Group, Université de Montréal)
3. Maxim Boucher (Paquin Group and Charrette Group, Université Laval)
4. Olena Kompaniets (Ollevier Group and Charrette Group, Université Laval)
5. Vincent Bonnefoux (Charrette Group and Lebel Group, Université de Montréal)
