

Travel Grant 2022-2023: 2nd round

CGCC Students

Application deadline: December 15, 2022

Awarded amount: up to \$3,000/student¹

1. Goal:

The travel funds awarded by the Center in Green Chemistry and Catalysis CGCC aims to share and expand the students' knowledge in green chemistry and sustainable development. The travel funds offer the opportunity for students to improve their communication and interpersonal skills.

2. Eligibility:

Students of the CGCC who participated/ participate or attended/ attend a conference featuring green chemistry (for example: homogenous catalytic reactions or recyclable heterogeneous catalytic reactions, green molecular synthesis, biochemical reactions using enzymes, catalytic transformations of biomass or any other related field ...)

3. Selection Criteria:

- Contribution of the conference to the academic and professional training of the CGCC's student.
- Academic excellence.
- Students who present an oral or a poster presentation at a conference featuring CGCC will be prioritized.

¹ The awarded amount varies depending on the location and the conference (Please refer to the section Covered Expenses).

Travel Grant 2022-2023: 2nd round

CGCC Students

- **The conference must be held between October 1, 2022 and March 31, 2023.**

4. Covered Expenses:

- Travel fees
- Accommodation fees
- Registration fees

5. Requirements:

Travel grant applications must include

- The application forms
- A half page abstract including comments on the contribution of the conference to the student development as a CGCC member (2 sentences maximum)
- A CV with a list of publications, presentations, and awards

Please send your application to the coordinator of the CGCC using the following email address: ccvc@chimie.umontreal.ca

6. Equity, Diversity, and Inclusion:

To enable students from different backgrounds, ethnicity, sexual orientation, abilities, and other identity factors to reach their full potential, CGCC is committed to an inclusive, diverse, and equitable selection process in its attribution of travel grants. Therefore, we encourage applications from Indigenous people, people with disabilities, visible minorities, gender non-conforming, LGBTQ+ people, women, people from economically disadvantaged backgrounds, and others who may face systemic barriers. We invite applicants to answer the self-identification question in the application form.
