Center in Green Chemistry and Catalysis

Green Chemistry and Catalysis Seminar: Steve Nolan- Sustainability Aspects of Organogold Complexes: from Synthesis to Catalysis

Steven.Nolan@UGent.be

<u>Tuesday, April 18th, 2023, 14:00 am to 15: 30 pm</u> – Université de Montréal, MIL campus, Pavilion A, <u>room: A.2543</u> Seminar will be in person.

## Biography:

Steven P. Nolan was born in Canada. He received his B.Sc. in Chemistry from the University of West Florida and his Ph.D. from the University of Miami where he worked under the supervision of Professor Carl D. Hoff. After a postdoctoral stay with Professor Tobin J. Marks at Northwestern University, he joined the Department of Chemistry of the University of New Orleans in 1990. In 2006 he joined the Institute of Chemical Research of Catalonia (ICIQ) as Group leader and ICREA Research Professor. In early 2009, he joined the School of Chemistry at the University of St Andrews where he held the Chair in Inorganic Chemistry and Catalysis. In 2015, he moved back to the continent and joined Ghent University.
