Undergraduate CGCC Scholarship Supplements

Congratulations to all the 2022-2023 scholarship recipients!

These fellowships, in the amount of \$6,000 each, allow the hiring of summer undergraduate students to introduce them to research by working on projects in green chemistry and catalysis.

1. Aness Bouchouicha (Collins Group, Université de Montréal)
2. Chloé Desjardins (Lebel and Rochefort Group, Université de Montréal)
3. Gabrielle Chong Foo Yuen (Guindon Group, Université de Montréal)
4. Juan Camilo Fonseca (Lubell Group, Université de Montréal)
5. Justine Sauvé-St-Pierre (Moores Group, McGill University)
6. Matthias Liard (Charette Group, Université de Montréal)
